### DEATH DUE TO ACCIDENT.

**Mrs. Dickerson's Injuries Investigated by Coroner's Jury.**

The coroner's jury, which sat inquest over the remains of Bettie Dickerson, colored, who jumped from a car of the Anacostia Line Monday afternoon and received injuries from which she died about an hour after she was taken to the Hospital, yesterday returned a verdict to the effect that death was due entirely to accident. The hearing was presided over by Coroner Nevitt at the New Jersey Avenue stationhouse.

The principal witness was Catherine Deber, colored, who accompanied Mrs. Dickerson on her last car ride. She said they left Fort Reno, near Tenleytown, where Mrs. Dickerson lived with her husband, Junius Dickerson, and her infant child, to visit a sister, Mrs. Dickerson, who is an inmate of the Government Hospital for the Insane. On the return trip the witness noticed that Mrs. Dickerson was exceedingly nervous and took the child from her to foster her something might happen. They occupied a seat on the trailer.

As they neared the corner of Garfield Avenue and B Street southwest, the fuse in the motor car ahead blew out with a report that greatly startled Mrs. Dickerson, who exclaimed, "Look." As Mrs. Deber looked, her companion jumped to her feet, and sprang from the car. She fell apparently on her head and when assistance reached her she was unconscious and remained so until death. Despite everything that was done for her, she died within half an hour after being admitted to the Emergency Hospital.

An autopsy performed at the morgue yesterday morning revealed the fact that the child had fractured the skull at the base of the brain. After the inquest the body was turned over to the relatives, by whom it will be taken to Richmond for burial.

### MORE POLICE TRANSFERS.

The Official Announcements Expected Today.

A number of transfers in the Police Department will probably be announced by Major Sylvester today, or tomorrow at the latest. He has taken up the personnel of the new Tenth precinct, and is carefully selecting the men to be assigned to duty there. He had hoped to complete the work yesterday, but he is subjected to so many interruptions by callers on various matters of more or less importance that it is very difficult for him to devote the matter much attention.

The new station house on Whitney Avenue for the police of the Tenth precinct is receiving the finishing touches, and Major Sylvester believes that he will be able to place the men in the building Monday morning.

Next to purity, the yeast used in brewing is of the utmost importance in beer. Perfect beer requires a perfect yeast, and rarely does a brewer find it.

The Schlitz brewery introduced chemically pure yeast in America. It has made Schlitz beer the most palatable, healthful beer that is brewed.

The original mother cells form a priceless asset. All the yeast used in Schlitz beer forever will be developed from them. As a result Schlitz beer will never vary, and there'll never be another beer like Schlitz.

## AFFAIRS OF THE DISTRICT.

### Repeated Changing of an Alley Grade Causes Complaint.

**Refusal of a Permit for the Private Removal of an Animal's Carcass May Lead to a Legal Test—Changes Made in a School Building Plan.**

Mary and Catherine Welch, through their attorney, recently addressed the Commissioners, asking to be informed why it became necessary to raise the grade of Jackson Alley, in square 672. They inform the Commissioners that their house was built about fifteen years ago, and that at that time the proper grade was given them by the District Surveyor or the Engineer's Office. They state that since the erection of the house the grade has been changed twice, with the result that their house is now about two feet below grade. Below this is the change of grade and the improvement of the alley they have been charged \$167.94.

The matter was referred to the surface division of the Engineer's office, and C. B. Hunt, the Computing Engineer, has now reported, submitting a plan showing the surface of the old cobble pavement and the new grade followed at the time the alley was paved with asphalt block very recently.

"The change in the grade of the alley," says Mr. Hunt, "was necessitated by the fact that the original grade was seriously at fault in falling from the parking line toward the building line, which is against the consistent practice of this office, for many years past, and which was modified in this, as in all other cases where modern pavements are laid. This will explain the necessity for the change of grade."

"No record is found in this office that any grade was ever furnished for this building, although it is admitted that the owners may have received some information, though not, as far as I can learn, from the proper official. The change of grade was made as small as practicable, and while the necessity for it was regretted, it was believed to be unavoidable, and it is not thought that any considerable damage resulted to the abutting property."

After making the above report the case was returned to the Computing Engineer for information as to the date of the completion of the work, and that of the submitting of the bills. These Mr. Hunt furnished and stated that the only report received in connection with the work was a communication in relation to the removal of a cur and sidewalk which formerly existed in the alley and which was dispensed with when the alley was paved. With this information in hand the Engineer Commissioner yesterday recommended that the Misses Welch be informed in accordance with the reports of the Computing Engineer.

Patrick Mann yesterday made application to the Commissioners for permission to remove the carcass of a dead horse from New York Avenue and Twenty-first Street northwest, from the stable in the rear of the premises occupied by Frank H. Hopkins, to the foot of South Capitol Street. Mr. Mann informed the Commissioners that he proposed to convey the carcass of said animal in a vehicle substantially air-tight, constructed of wood and metal, in all respects in accordance with section 22, Article VIII, of the Police Regulations. He stated that the carcass was to be loaded upon a scow at the foot of South Capitol Street and transported down the Potomac River to Glenboro, where his fertilizer works are situated. Mr. Mann said that he had purchased from the owner of the carcass, a dead horse, and that the same had not yet become a nuisance or offensive.

The granting of this permit involved the violation of the contract with the Washington Fertilizer Company, which is under obligation to remove the carcass and dead animals of the District for a period of five years, beginning with September 1, 1900. The fertilizer company has complained several times that they are unable to remove the carcasses of animals, which have been delivered to private parties. On the other hand, private parties have complained that the carcasses of animals have been delivered to them, and that the same had not yet become a nuisance or offensive.

The Board held a protracted session over the question yesterday, at which the Commissioner addressed the Commissioners, and the Attorney General, and the Board decided that the Commissioner should grant the application, and that the matter should be disposed of by judicial decision.

John B. Brady, the Inspector of Buildings, has forwarded to the Commissioners a proposition of Pavard & Greer, contractors for the erection of the school building on Washington Heights, to make certain changes in the construction of the roof. He states that it is now proposed to put a red tile roofing upon the building instead of the iron roof provided for in the contract. It is proposed that in lieu of the change, the contractors be allowed \$800 additional for the extra work. Mr. Brady states that in building the foundation it was found that a considerable saving could be made, and this leaves a sufficient amount for the proposed work.

Mr. Brady submits a second proposition suggested by the contractors that they be permitted to build the last partition wall of the school building, which is 14 feet thick, with an estimated saving of \$250. He states that the length of this wall is forty feet, with a height of fourteen feet; that it can be reduced in thickness from thirteen inches to nine inches without detriment.

Mr. Brady recommended that both propositions be accepted, and that the Commissioners yesterday authorized the necessary departures from the contract.

The Commissioners have under consideration the case of Private O. B. Kelley, of Truck Company B, of the Fire Department, who was brought before the Trial Officer charged with a violation of section 5, article 15, of the rules and regulations. Kelley was found guilty by the Trial Officer.

The specific charge against the fireman was that he failed to respond to two calls of the alarm, and that he failed to attend to have certain orders read to them. He was found guilty on all counts.

In reporting upon the findings of the Trial Officer, the Engineer, Dutton states that this is the second offense of the kind brought before him. It is further stated that the Chief Engineer, in view of the facts, recommends that Private Kelley be allowed no leave for a period of three months, and that he be warned that repetition of the offense will result in his dismissal from the force.

Commissioner Macfarland has approved the recommendations of Chief Dutton, and has forwarded the case to his colleagues.

J. J. Darlington, attorney for Jackson S. Cole, recently requested possession of the lot on 10th Street, between 15th and 16th, and on sub-lots 1, 2, and 3, and parts of sub-lots 4 and 5, square 783, without interest and penalties. The matter was referred to the Tax Department, and H. H. Darlington, the Assessor, has reported as follows:

"It is submitted that this application, like many others of a similar character, deserves special consideration on the score of equity, but the authority of law

## Poison Oak BOTANICAL REPTILES

### Their Sting Sets the Skin on Fire and Fills the Veins with a Violent, Lingering Poison

These plants seem to partake of the nature and character of the serpent; in winter time being comparatively harmless, but when warmed into life by spring and summer heat they become extremely venomous and spiteful, emitting a milky juice that burns and blisters like a fiery acid, producing quick inflammation and painful swelling. Some persons are so susceptible to these vegetable poisons that coming in their vicinity will produce almost as much discomfort and pain as handling them; their thin and sensitive skins seem to absorb from the surrounding atmosphere the acrid juices emanating from these plants. There is seldom a picnic or family gathering in the woods but that some member of the party comes in contact with Poison Ivy, Oak or some other hurtful plant or weed, and through the open pores the poison is carried to the overheated blood. Poison Ivy is found clinging to tree trunks, fences or rocks, sometimes reaching great heights; the leaves are nearly square in shape, smooth and shiny and three on each stem; the flowers are of a greenish white color, and the berries pale green or white. The Oak is a small shrub, seldom more than three feet high, its size depending upon the nature of the soil, location, etc.; the leaves are long and pointed with saw-like edges and a downy appearance underneath. While the two plants are entirely unlike in appearance, the poisonous effects are very similar.

### BLOOD SATURATED WITH POISON OAK.

Mr. John Friel, of Bear Station, Del., writes: "I was poisoned with poison oak which went through my blood, and my condition became so serious that the doctors all said I could not get well. I remained in a precarious condition, confined to the house, for six months, when S. S. S. advised me to use it. I soon realized that it was doing me good. I continued the medicine and was cured. I think it the best blood medicine made."

After the swelling subsides the skin remains for a long time in a rough and inflamed condition, dotted here and there with bad looking ulcers and little festering sores. It is truly remarkable with what regularity and certainty the disease returns, and always on schedule time, appearing the same month, day and hour, almost, that it did the year before. Don't be deceived should all the signs of the poison vanish soon after the first attack—the acrid juices have been taken through the open skin pores into the blood, and the most persistent and faithful use of external remedies can never dislodge them, and next season, and for years to come, you may expect to endure the same bodily tortures; the blood in the meantime becoming so saturated and charged with the poison that each succeeding attack leaves the body weaker and recovery more uncertain and slow, and thus the once simple malady ends disastrously. For every poisonous plant, tree, shrub or flower, nature has wisely provided an antidote or cure. The roots and herbs of which S. S. S. is composed quickly, surely and permanently overcome and drive out of the blood and system the effects of Poison Ivy, Poison Oak, Virginia Creeper, Thunder Weed, Sumac and vegetable poisons of every variety. S. S. S. will be found an invaluable and perfect antidote for poisons of this class. There is never any return of the aggravating symptoms after a course of S. S. S., as it destroys every vestige of the poison.

Don't abandon hope because of repeated failures. State your case to our doctors; we feel sure they can help you. Medical advice will cost you nothing and is strictly confidential. Book on Blood and Skin Diseases free. **SWIFT SPECIFIC CO., Atlanta, Ga.**

### IN AND ABOUT THE CITY.

### The Bicycle Repairer Sentenced.

Judge O'Donnell, in the United States branch of the Police Court yesterday sentenced James Gibbons to thirty days in the District Jail for the alleged theft of a bicycle from George Hanks, entrusted to him to repair.

### Fined for Striking a Woman.

William Williams, colored, was accused in the Police Court yesterday of assaulting Bessie Smith, also colored. It was said that Williams struck the woman on the jaw. Judge O'Donnell imposed a fine of \$50, and in default Williams will serve thirty days in jail.

### Ten Persons Convicted of Vagrancy.

James Meredith, Sam Richardson, Daniel Duckett, and Henry Carey, and Rebecca Bessie Smith, Thurston, Anna Richardson, Rose Temple, Martha Hicks, and Lizzie Smith, all colored, were sent to the workhouse for one month in default of a real estate bond of \$20 required of each, when convicted in the Police Court yesterday of being vagrants.

### Three Defendants Fined.

Henry Hughes, Clarence Payne, and Josephine Hughes were arraigned in the Police Court yesterday on a charge of disorderly conduct. Several policemen swore that there was a disturbance at the corner of Fourteenth Street and New York Avenue, and that when they arrived they found the three defendants in the street. They were fined \$50 each, with the alternative of serving thirty days in the workhouse.

### Preferred Singing to Swearing.

For being disorderly, Nelson Thurston, colored, went to the workhouse for fifteen days in default of a fine of \$5 imposed on him by Judge Mills, in the Police Court yesterday. A policeman said he found the man on First Street northwest singing, and that when he saw him he took him to the station. Thurston declared the story of his singing was a mistake. He said that when he got drunk he took possession of him and he always sang.

### Taken Back to the Insane Asylum.

Alonso Wells, colored, nineteen years old, was arrested yesterday by a policeman, and taken to the Government Hospital for the Insane. Wells has been an inmate of the asylum on several occasions, it is said, and has been recently returned to his home, on a parole, and was arrested yesterday, and became so violent that it was necessary to send several policemen to the house and take him to the station. From the latter place he was taken to the asylum by direction of Sanitary Officer Frank.

### The Death Record.

The following deaths for twenty-four hours were reported at the Health Department up to noon yesterday: Benjamin Armstrong, 35 years; Elizabeth Jordan, 72 years; Patrick McHugh, 65 years; George W. Nathan, 65 or 66 years; Jacob Scott, 60 years; Edward R. Young, 39 years; Nicholas Caffrey, 82 years; Catherine Wacker, 40 years; Ed. Williams, 36 years; Augustus W. Sore, 32 years; Frederick W. Mason, 31 years; Estelle Hall, 12 years; Luke Charles Steley, 3 years; Albert Stead, 4 years; Bessie Agnes Billingsley, 19 months; Mildred E. Thomas, 11 months; Grace E. Wilson, 6 days; infant of J. Johnson, 15 days.

### Far Carrying Concealed Weapons.

Rufus Banks, colored, was sent to the District Jail for six months by Judge O'Donnell, in the United States branch of the Police Court yesterday, for carrying concealed weapons.

### A Negro With a Razor.

Louis Gillan, colored, was sentenced to thirty days in jail in the United States branch of the Police Court yesterday on a charge of carrying a razor. Gillan had a razor when arrested, and on a charge of carrying concealed weapons he was given six months more in prison.

### Tried to Sell His Hat and Coat.

George White, colored, was fined \$5 by Judge Mills in the Police Court yesterday on a charge of being disorderly, and in default will serve thirty days in the workhouse. A policeman testified that White was trying to sell his hat and coat to a woman, and that because he held them at a high price he was fined.

### Generous People Imposed Upon.

Frank Moore, colored, was fined \$10 in the Police Court yesterday by Judge Mills on a charge of being disorderly, and in default will serve thirty days in the workhouse. A policeman testified that Moore came to them and told them he was sick, hungry, homeless, and asked them to give him a meal, and that he had no money to pay for it. He was fined \$10, and in default will serve thirty days in the workhouse.

### Whistled at a Mocking Bird.

According to a story told by a policeman in the Police Court yesterday, John Long, thirty years old, was drunk last night, and whistling at a mocking bird on E Street. When the policeman ordered Long to move on, the latter got angry, the policeman declared, the charge against Long was of disorderly conduct. He was fined \$5, and in default of payment he will serve fifteen days in the workhouse.

### Called Policeman a Doghead.

Frank Foster was fined \$10 for fast driving and \$5 for being disorderly by Judge Mills in the Police Court yesterday. A policeman swore that Foster had exceeded the speed law in the Monument Grounds and that when followed and arrested on Fourteenth Street he became profane and abusive to the policeman, and that he called the policeman a "doghead" when the latter arrested him.

### A Street Car Episode.

Florence Ruth and Thomas J. Miles were charged in the Police Court yesterday with being disorderly on a street car Monday night. Several witnesses swore that Ruth, when the conductor asked him to stop smoking, became abusive and applied vile names to a man who had complained of his conduct, and that he assaulted the man when the car reached the car barn in Georgetown. Ruth was fined \$15, and in default will serve thirty days in the workhouse. Miles did not appear to have been seriously offended and was dismissed.

### Knights of Fidelity Elect Officers.

The beneficial and fraternal order of Knights of Fidelity, composed exclusively of liquor dealers, at a recent meeting elected and installed the following officers for the ensuing term: T. D. Harper, valiant commander; William Dietz, jr., lieutenant commander; Hugh F. Harvey, orator; Thomas L. Coyer, past valiant commander; P. J. Carr, treasurer; Augustus Brill, recorder; William F. Rick, master of ceremonies; John A. Kapp, captain; George E. Miller, George P. Notter, Tyler; trustees, M. P. Sullivan, Charles Dietz, Fred Wagner; Dr. F. V. Brooks, medical examiner.

### Fined for a Saloon Disturbance.

Arthur Chamberlain was in the Police Court yesterday to face three charges—assault, disorderly private property, and disorderly conduct. John W. Ely testified that he was in a saloon in Georgetown Monday night, talking to a friend, when Chamberlain came in and, without provocation, struck him in the face with his fist, broke a window and a bottle or two belonging to the proprietor. Chamberlain said he struck at Ely, but did not mean him, but got hit himself with something other than a man's fist. He admitted that he started the trouble that resulted in his arrest, and Judge Kimball fined him \$25 in the aggregate, and in default he will serve twenty-five days in the workhouse.
